FABIOCARITO

BIOGRAPHY

Fabio Carito, born in Rio de Janeiro in 1986, is a bass player, passionate about rock and all its genres. He started in music at an early age and intends to continue until the last day of his life.

Nowadays, he's the bass player in the German power metal band **Metalium** and *sideman* of big names on the world heavy metal scene such as **Tim "Ripper" Owens** (*Judas Priest/Iced Earth/Yngwie Malmsteen/KK's Priest/Solo*), **Udo Dirkschneider** (*Accept/Solo*), **Roland Grapow** (*Helloween/Masterplan*) and **Edu Falaschi** (*Angra/Almah/Solo*) with his project "**Metal Classics**". On the tribute scene, he is the founder of **Gameration**, a project focused on heavy metal reinterpretations of video game soundtracks (OSTs) from the 80s and 90s. He was also the bass player in the solo band of singer **Warrel Dane** (*Nevermore/Sanctuary/Solo*) who passed away in 2017, where he recorded his second and last solo album, **Shadow Work**, which was posthumously released worldwide by the biggest label in the genre, **Century Media Records**.

In 2023, he was invited to record on the next album by the American band **Savage Grace**, "*Sign of the Cross*", which returned to activity after 37 years. The forthcoming album was released worldwide by **Massacre Records** and the recording process for its successor, to be released in 2024, has already begun.

He has been a columnist and reviewer for the largest printed and digital magazine specialising in bass guitar, **Cover Baixo**, since 2017, and studio bassist for the **Loud Factory** production company, having so far recorded around 30 works for external clients, released through record labels and also independently.

He has extensive experience of long national and international tours, summer festivals and individual shows, and has played alongside bands such as **Helloween**, **Gamma Ray**, **Kamelot**, **Dark Tranquility**, **Amorphis**, **Angra**, **Symphony X**, **Ensiferum**, **UDO**, **Sepultura**, **Blaze Bayley**, **Destruction**, **Queensrÿche**, **Dr.Sin**, **The Agonist**, **Torture Squad**, **Chrome Division**, **Firewind**, **Tank**, **Turisas**, **Myrath** and others.

He has an **instructional DVD** called "*...is all Bass I am*", showing the fundamentals and techniques of songs created from his work with his former band, **Instincted**, as well as teaching bass for beginners, with his own method focused on the practical side.
